

ITAU2020 - Advanced light sources for medical and life science imaging and analysis

Monday, April 6, 2020

X-ray imaging and analysis with advanced light sources (10:30 AM - 12:30 PM)

time	[id] title	presenter
10:30 AM	[2] Fast-demagnetization and four wave mixing processes witnessed using FERMI seeded-FEL	Dr CAPOTONDI, Flavio
11:00 AM	[3] From development to application: Simultaneous X-ray fluorescence and ptychography comes of age	Dr JONES, Micheal
11:30 AM	[4] Soft X-ray microscopy imaging at TwinMic: recent results	Dr GIANONCELLI, Alessandra
12:00 PM	[5] In Situ Ptychography for Materials Characterisation	Dr VAN RIESEN, Grant
