

Elettra 2.0: New Structural Biology Opportunities

Monday, July 3, 2023

Session 1 Macromolecular Crystallography Chair: Michele Cianci (Università Politecnica delle Marche) (9:20 AM - 2:00 PM)

time	[id] title	presenter
9:20 AM	[1] Elettra 2.0 project and IVU beamlines	POLENTARUTTI, Maurizio
9:40 AM	[2] The new MX beamline at Elettra 2.0: μ XRD	DEMITRI, Nicola
10:00 AM	[23] Combining visual and X-ray sample characterization information in design of macromolecular crystallography experiments	SAVKO, Martin
10:30 AM	Coffee	
11:00 AM	[4] New opportunities for time resolved serial crystallography experiments at 4th generation synchrotrons	DE SANCTIS, Daniele
11:30 AM	[22] Infrastructure requirements for running high-throughput crystallographic fragment screening	POWELL, Ailsa
12:00 PM	[12] IT integration with Elettra facility upgrades	PUGLIESE, Roberto
12:30 PM	Lunch at the canteen (Area di Ricerca)
