Competing Processes as a Quality Limitation: New Insights into Microscopic Growth Mechanisms of Single-Layer Hexagonal Boron Nitride on Ir(111)

Thursday, May 16, 2024 11:45 AM (20 minutes)

Primary author: KRIEGEL, Marko (University Duisburg-Essen)

Co-authors: Dr OMAMBAC, Karim (University Duisburg-Essen); Dr PETROVIC, Marin (Center of Excellence for Advanced Materials & sensing Devices); Mr FINKE, Birk (University Duisburg-Essen); Dr BRAND, Christian (University Duisburg-Essen); Prof. MEYER ZU HERINGDORF, Frank-J (University Duisburg-Essen, Interdisciplinary Center for Analytics on the Nanoscale (ICAN)); Prof. HORN-VON HOEGEN, Michael (University Duisburg-Essen)

Presenter: KRIEGEL, Marko (University Duisburg-Essen)

Session Classification: Session 7
