Contribution ID: 64

Type: Contributed Talk

High-performance electronic devices enabled by atomically sharp interface of van der Waals heterostructures

Thursday, May 16, 2024 10:40 AM (20 minutes)

Primary author: BAO, Lihong (Institute of Physics, Chinese Academy of Sciences)

Presenter: BAO, Lihong (Institute of Physics, Chinese Academy of Sciences)

Session Classification: Session 6
