

# 6th European Workshop on Epitaxial Graphene and 2D Materials

## Wednesday, May 15, 2024

### Session 4: Chair - NH Hotel (2:15 PM - 3:45 PM)

time	[id] title	presenter
2:15 PM	[100] CVD growth of transition metal dichalcogenides monolayers and their heterostructures: Basic properties and device applications	TURCHANIN, Andrey
2:45 PM	[40] Under the golden skin: nano-structuring of ultrathin Au films by buried boron	PREOBRAJENSKI, Alexei
3:05 PM	[59] Electronic and interface properties of graphene on Ge(110)	PERSICHETTI, Luca
3:25 PM	[76] Revisiting the realization of artificial graphene by fullerenes on gold and copper surfaces	MARCHENKO, Dmitry
