

6th European Workshop on Epitaxial Graphene and 2D Materials

Thursday, May 16, 2024

Session 7: Chair (11:15 AM - 12:45 PM)

time	[id] title	presenter
11:15 AM	[70] Single layer boron Nitride	GREBER, Thomas
11:45 AM	[43] Competing Processes as a Quality Limitation: New Insights into Microscopic Growth Mechanisms of Single-Layer Hexagonal Boron Nitride on Ir(111)	KRIEGEL, Marko
12:05 PM	[68] Synthesis and characterization of crystalline and vitreous phases of two-dimensional boron	SALA, Alessandro
12:25 PM	[65] Exploring the crystalline-vitreous transition in a novel 2D boron-oxide covalent framework: synthesis, characterization and reactivity	ZIO, Teresa
