

Workshop on liquid systems: science and standards for delivery

Monday, December 4, 2023

Liquids at extreme conditions - T1 Conference Room (11:00 AM - 12:30 PM)

time	[id] title	presenter
11:00 AM	[12] Putting classical nucleation theory to the test: cavitation in water droplets and crystallization in krypton jets	Prof. CAUPIN, Frédéric
11:30 AM	[13] Studying deeply supercooled liquid water with X-ray emission spectroscopy	Dr GOY, Claudia
12:00 PM	[14] Recent computational studies of the liquid-liquid transition in supercooled water	Prof. SCIORTINO, Francesco
