### Session 13 - Materials I: Materials II

#### Session

2:10 – 2:40 PM

#### Ultrafast dynamics of colloidal plexcitonic nanohybrids studied by 2D electronic spectroscopy

**Speaker**

elisabetta collini

2:40 – 3:00 PM

#### Probing Surface and Interface Carrier Dynamics via Ultrafast Scanning Electron Microscopy

**Speaker**

Lijie Wang

3:00 – 3:20 PM

#### Dynamic control of electron correlations in photodoped charge-transfer insulators

**Speaker**

Dr Thomas C. Rossi

3:20 – 3:40 PM

#### Excitation Energy Transfer and Diffusion in Synthetic Light-Harvesting Nanoparticles

**Speaker**

Jérémie Léonard

3:40 PM
