

# NETLINCS - New Trends in Linear and Non-Linear Spectroscopic Studies of Natural Chirality

## Tuesday, December 3, 2024

**Solution Phase Studies: 1 - Sala Kastler (5:10 PM - 6:00 PM)**

time	[id] title	presenter
5:10 PM	[19] To be announced	Prof. WINTER, Bernd

# Wednesday, December 4, 2024

## Solution Phase Studies: 1 - Sala Kastler (9:00 AM - 11:00 AM)

time	[id] title	presenter
9:00 AM	[32] Time-resolved circular dichroism : what can we learn on conformational changes ?	HACHE, Francois
9:40 AM	[28] Ultrafast chiral spectroscopy for stereocontrolled photochemistry	OPPERMANN, Malte
10:20 AM	[27] Thirty-five years of trying – why are we still „developing“ chiral spectroscopy with ultrafast lasers?	Dr HELBING, Jan

## Solution Phase Studies - Sala Kastler (11:20 AM - 12:00 PM)

time	[id] title	presenter
11:20 AM	[21] To be announced	Prof. BHARDWAJ, Ravi
