

## Session Program

May 20 - 21, 2026

# NICE2026 Nonlinear Imaging and Coherent Effects

## *NonLinear Spectroscopy*

Latisana, Italy

# Wed, May 20

11:10 AM

## NonLinear Spectroscopy

Session | Location: Latisana, Italy

11:10 - 11:45 AM

### Unlocking Hidden Worlds in Quantum Materials: Metastability Controlled by Textured EUV Excitation

**Speaker**

Igor Vaskivskyi

12:20 - 12:45 PM

### Laser-driven XUV and X-ray sources for coherent imaging, ultrafast dynamics, and emerging nonlinear methods

**Speaker**

Dr Jaroslav Nejdl

12:45 PM
