May 20 - 21, 2026

NICE2026 Nonlinear Imaging and Coherent Effects

Novel Coherent-based Diffractive Imaging

Latisana, Italy

Wed, May 20

2:15 PM

Novel Coherent-based Diffractive Imaging

Session | Location: Latisana, Italy

2:15 - 2:50 PM **X-ray Coherent Diffractive Imaging with Nonlinear Wavemixing**

Speaker

Allan Johnson

2:50 - 3:25 PM **Ultrafast single-shot computational imaging**

Speaker

Daniel Adams

3:25 - 3:50 PM

Ultrafast subwavelength imaging of magnetic domain walls with extreme ultraviolet radiation

Speaker

Hung-Tzu Chang

3:50 - 4:10 PM **Imaging Electric-Field-Driven Nanotexture Dynamics in V2O3**

Speaker

Alessandra Milloch

4:10 PM
