

LLRF Topical Workshop on Advanced Feedback Control

13–15 October 2026 / Nova Gorica, Slovenia

- Control Architecture and Strategies
- Control Hardware Platforms
- System Identification
- Control Loop Modeling, Tuning and Optimization
- Data driven control

Local Organizing Committee:

Alessandro Fabris, Elettra Sincrotrone Trieste
Stefano Deiuri, Elettra Sincrotrone Trieste
Michela Bassanese, Elettra Sincrotrone Trieste
Vega Abrahamsberg Lipičar, Instrumentation Technologies
Teja Čadež Širca, Instrumentation Technologies

Scientific Program Committee:

Alessandro Ratti (chair), Lawrence Berkeley National Laboratory
Curt Hovater, Thomas Jefferson National Accelerator Facility
Daniel de Oliveira Tavares, Brazilian Synchrotron Light Laboratory (LNLS)
Tim Berenc, Argonne National Laboratory
Luca Piersanti, INFN-LNF
John D. Fox, Stanford University
Ben Woolley, European Organization for European Research (CERN)
Tomasz Plawski, Thomas Jefferson National Accelerator Facility
Geng Zheqiao, PSI
Krzysztof Czuba, Warsaw University of Technology
Dmitry Teytelman, Dintel, Inc.
